2011/12 Patient Experience Survey

Taynuilt Medical Practice - Connel

This report gives a summary of the results of the 2011/12 Patient Experience Survey for Taynuilt Medical Practice - Connel.

The survey was sent to 534 people registered with the surgery.

The survey asked questions about people's experiences during 2011/12 of making an appointment; visiting the GP surgery; seeing staff; being prescribed medicines; out of hours healthcare; and outcomes from NHS treatment. Results for questions about out of hours services and outcomes from NHS treatments are not shown in this report, but are shown in NHS Board and Community Health Partnership reports. A copy of the survey is available at:

http://surveyresults.bettertogetherscotland.com/gp/GP_Survey_2011.pdf

158 patients of Taynuilt Medical Practice - Connel sent in feedback on their experiences at the surgery. Of the patients that answered questions about themselves:

- 39% were male and 61% were female;
- 11% were aged 17-34, 20% were aged 35-49, 35% were aged 50-64 and 35% were 65 and over;
- 72% did not have any limiting illness or disability.

The survey was commissioned by the Scottish Government for Scotland's Patient Experience Programme "Better Together" which aims to use the public's experiences of NHSScotland to improve health services. The survey was managed by the Scottish Government in partnership with Information Services Division (ISD) of NHS National Services Scotland. The survey was carried out by Picker Institute Europe. Picker Institute Europe is a charity which provides support for patient experience surveys.

The results of the survey will be used by the GP surgery, Health Board, and the Scottish Government to improve the quality of healthcare in Scotland by focussing us on the areas that people tell us are important to them and where they consider we could do better.

For more information on Better Together, Scotland's Patient Experience Programme please go to www.bettertogetherscotland.com

Results for Taynuilt Medical Practice - Connel

Results are shown as the percentage of patients who answered each question positively.

The bars illustrate the % positive as green, and the % negative as red. Where answers are neither positive nor negative, the % is shown in yellow.

The answers that have been counted as positive and negative for each question can be found at: http://surveyresults.bettertogetherscotland.com/gp/Percent_Positive_Results_key_2011.pdf.

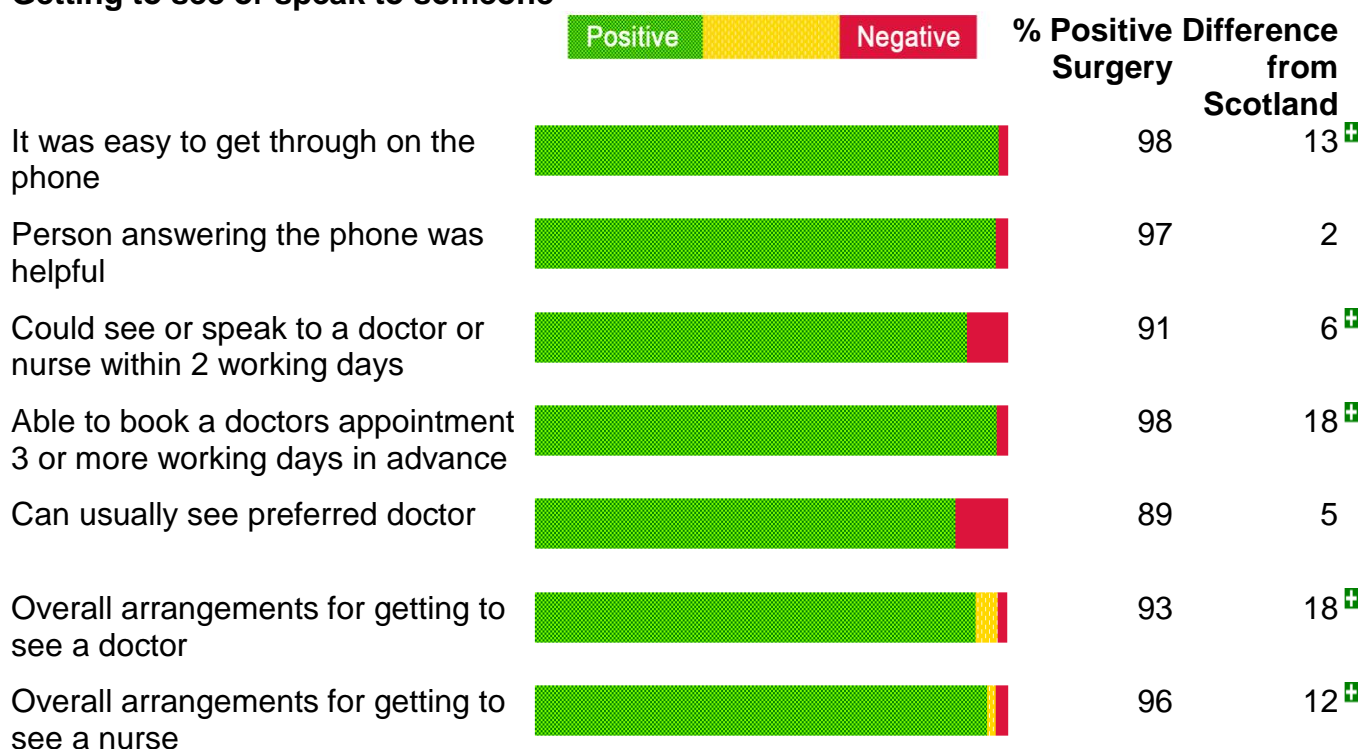

If you are looking at the pdf version online, you can see the actual number of patients who answered positively and negatively by hovering the mouse cursor over the bar chart.

The difference between the practice percent positive result and the Scottish average is shown in the final column. Differences which are statistically significant are shown as follows:

- + Percent positive score significantly higher than Scottish average
- Percent positive score significantly lower than Scottish average

On page 8 we compare the latest results with those from 2009/10 and on page 10 we show the results for some additional questions.

The tables below show the GP surgery's 2011/12 percent positive scores compared to 2009/10.

- + scores significantly improved since previous survey
- scores significantly worsened since previous survey

2009/10 Percentage positive for 2009/10
2011/12 Percentage positive for 2011/12

Getting to see or speak to someone

| | 2009/10 | 2011/12 | Difference from previous survey |
|--|----------------|----------------|--|
| Can usually see preferred doctor | 93 % | 89 % | -4 |
| Overall arrangements for getting to see a doctor | 99 % | 93 % | -6 - |
| Overall arrangements for getting to see a nurse | 97 % | 96 % | -1 |

At the GP surgery

| | 2009/10 | 2011/12 | Difference from previous survey |
|---------------------------------------|----------------|----------------|--|
| Time waiting to be seen at GP surgery | 96 % | 91 % | -5 |

At the GP surgery - doctors

| | 2009/10 | 2011/12 | Difference from previous survey |
|--|----------------|----------------|--|
| The doctor listens to the patient | 96 % | 95 % | -1 |
| Patients feel that the doctor has all the information they need to treat them | 91 % | 89 % | -2 |
| The doctor talks in a way that helps the patient to understand their condition and treatment | 96 % | 94 % | -2 |
| Patients have confidence in the doctor's ability to treat them | 94 % | 90 % | -4 |
| Patients have enough time with the doctor | 94 % | 95 % | 1 |

At the GP surgery - nurses

| | 2009/10 | 2011/12 | Difference from previous survey |
|---|---------|---------|---------------------------------|
| The nurse listens to the patient | 96 % | 97 % | 1 |
| Patients feel that the nurse has all the information they need to treat them | 94 % | 95 % | 1 |
| The nurse talks in a way that helps the patient to understand their condition and treatment | 94 % | 96 % | 2 |
| Patients have confidence in the nurse's ability to treat them | 94 % | 98 % | 4 |
| Patients have enough time with the nurse | 95 % | 98 % | 3 |

At the GP surgery - care and treatment

| | 2009/10 | 2011/12 | Difference from previous survey |
|--|---------|---------|---------------------------------|
| Patients are involved as much as they want to be in decisions about their care and treatment | 95 % | 88 % | -7 |

At the GP surgery - medicines

| | 2009/10 | 2011/12 | Difference from previous survey |
|---|---------|---------|---------------------------------|
| Patients know enough about what their medicines are for | 97 % | 96 % | -1 |
| Patients know enough about how and when to take their medicines | 99 % | 98 % | -1 |
| Patients know enough about side effects of medicines | 92 % | 84 % | -8 |
| Patients know what to do if they have any problems with their medicines | 94 % | 95 % | 1 |

At the GP surgery - overall experience

| | 2009/10 | 2011/12 | Difference from previous survey |
|---|---------|---------|---------------------------------|
| Patients are treated with dignity and respect | 98 % | 95 % | -3 |
| Rating of overall care provided by GP surgery | 97 % | 95 % | -2 |

Additional Questions

This section shows results for other questions that patients were asked about their GP surgery. These results have been presented here because the answers did not fit into the “percentage positive” format used elsewhere in the report.

At the GP surgery

In the reception area, can other patients overhear what you say to the staff?

| Patients who have contacted their GP surgery in the last 12 months | This GP | |
|--|---------|-------------|
| | n | % |
| Yes, but I don't mind | 52 | 35.1 |
| Yes, and I am not happy about it | 18 | 12.2 |
| No, other patients can't overhear | 56 | 37.8 |
| Don't know | 22 | 14.9 |
| | 148 | |

At the GP surgery - care and treatment

The last time you saw a health professional about something that affected your ability to work, did they discuss your ability to work with you?

| Patients who have seen a health professional in the last 12 months about something that affected their ability to work | This GP | |
|--|---------|-------------|
| | n | % |
| Yes, we had a useful discussion about my ability to work | 23 | 85.2 |
| Yes, we discussed my ability to work but it was not useful | 2 | 7.4 |
| No, we did not discuss my ability to work, but I would have found it useful | 1 | 3.7 |
| No, we did not discuss my ability to work but I did not want to | 1 | 3.7 |
| | 27 | |

GP surgery opening hours

What do you think about the opening hours of your GP surgery?

| All Patients | This GP | |
|---|---------|-------------|
| | n | % |
| I am happy with the opening hours of my GP surgery | 128 | 82.6 |
| It is too difficult for me to get time away from work during my surgery opening hours | 16 | 10.3 |
| The opening hours are not convenient for me for another reason | 5 | 3.2 |
| I am not sure when the opening hours of my GP surgery are | 6 | 3.9 |
| | 155 | |

AN OFFICIAL STATISTICS PUBLICATION FOR SCOTLAND

Official and National Statistics are produced to high professional standards set out in the Code of Practice for Official Statistics at <http://www.statisticsauthority.gov.uk/assessment/code-of-practice/code-of-practice-for-official-statistics.pdf>. Both undergo regular quality assurance reviews to ensure that they meet customer needs and are produced free from any political interference.
